To Whom It May Concern,

I am writing to formally invite my parents-in-law, **Mr. Serdar Kürüm** and **Mrs. Nuriye Kürüm**, to visit me and my family in the United Kingdom.

My name is Emin Safa Tok, and I am currently pursuing my PhD in Computer Science and Informatics at Cardiff University, fully sponsored by both Cardiff University and the Ministry of National Education of the Republic of Türkiye. The program began recently and will continue until April 2029.

As a family living abroad **with our 1 year-old son**, Esat Seha Tok, the support and presence of our parents is incredibly important to us. We anticipate that they will visit us for short periods approximately twice a year throughout the duration of my studies. Therefore, they have applied for a two-year Standard Visitor visa to facilitate these short family visits.

Their visits will be **temporary** in nature, and they fully intend to return to Türkiye at the end of each stay. During their time in the UK, they will reside with me and my wife, Şeyma Tok, at our home. I will take **full responsibility** for their accommodation and general welfare during their visits.

Our address is: *2 Gwynt Mansions, 30 Cathedral Road, Cardiff, CF11 9LZ*

Attached to this letter are the following documents for your reference:

- A copy of our passports
- Proof of my immigration status
- My proof of studentship at Cardiff University
- Proof of our address (tenancy agreement and a utility bill)

I would be most grateful if their visa application could be given favourable consideration, enabling them to visit and support us during this significant period in our lives.

Please do not hesitate to contact me should you require any further information.

Yours faithfully,

Emin Safa Tok
